FAX: (706) 546-2120

#### **Mission:**

Georgia Natural Resources Conservation Service works with people through a partnership effort to conserve and protect natural resources.

#### **Vision:**

A leader in conserving and enhancing Georgia natural resources through quality technical service.

#### **Helping People Conserve Natural Resources on Private Lands**

The Natural Resources Conservation Service, formerly the Soil Conservation Service, has worked with Georgia landowners to protect the state's resources for more than 65 years. We provide technical assistance on natural resources issues and assist individuals, groups, communities, and counties implement soil and water conservation practices to protect the 34 million acres of privately owned land in Georgia. ☺
